LION'S GATE PORTAL - AUGUST 8TH

The Lion's Gate Portal is on August 8th 2022. Every year on August 8th, Sirius A, the Earth and the Sun in the sign of Leo, align with the Great Pyramids of Giza and the Sphinx. This alignment is known as the Lion's Gate because the Sun is in Leo and therefore energy is positive, courageous and uplifted.

Sirius A, otherwise known as the Spiritual Sun appears closer to the earth although it is still 8 and a half light-years away. Therefore, this is a highly spiritual time where you can align with this gateway which is connected to archangels, spirits and galactic beings.

This is the perfect time to get centered and do the deep inner work through meditation. It is vital that you set an intention to let go of all that is longer in resonance with your highest good or preventing you from becoming the best version of yourself. It is a time to activate and realign your third eye, heart chakra, higher self. During this time there is an esoteric energy influx that helps you to shift out of the pain cycle and reconnect to cosmic consciousness.

Many people have been feeling the symptoms of the ascension severely over the past few months. For some, it has manifested as the flu, headaches or sickness. Others experience a range of difficult emotions such as grief, fear, shame and guilt whilst many others have had to lose attachments such as relationships or careers that are no longer serving them.

All of those lower frequency patterns are being lifted and cleared so that is why all of this discomfort has arisen. Our DNA is becoming crystalline so we also get symptoms of deep fatigue and extreme thirst. This is all happening for our purposeful good to help us start to live in the present, love ourselves unconditionally and go with the flow.

August brings in this expansion, peaking on the 8th and closing on the 12th. It is the perfect opportunity to start integrating higher consciousness.
