

WEEKLY TIPS FOR YOUR WELL BEING

## LABYRINTH WALK

While exploring upcountry Maui yesterday, we found the Sacred Garden of Moliko. Always looking for adventure off of the beaten path, we discovered this sanctuary and retreat. The labyrinth is an ancient path of pilgrimage rich with meaning. Early in the 13th century when the Crusades made it too dangerous to travel to spiritual havens, pilgrims got creative and used this beautiful path of prayer to make a metaphorical journey. Today they are used as a path of self discovery, healing, contemplation and revelation.

Just like a pilgrimage, the labyrinth features a three fold path:

1. The walk into the labyrinth is a time for contemplating your life and letting go of any inner obstacles you may encounter - stress, grief, thoughts, feelings, etc.
2. The center - the sacred destination is a time for silent meditation, contemplation and renewal.
3. The return journey back out - offers a time for integration in which we take the insights we gained on the path into our lives for implementation.

IF you find yourself in upcountry Maui, I highly recommend a visit to this special place and make sure to check out their gift store!

# Get Your Cosmic Mojo On

WITH ASTROLOGER & NUMBEROLOGIST HATTIE PARKER, MS,ED

A CRYPTO PRIMER: EARTHBOUND AND CELESTIAL NEWS AND VIEWS

***Summertime and the crypto market is tanking.  
The price of Bitcoin has been falling and anxiety is high.***

**Introduction:** I am grateful to Jill for giving me the opportunity to write this column. I enjoy having the potential of being of service. My comments are directed to assuring those among the newsletter readers who want to be informed about what in the cosmic world is happening now that this current crypto downward trend will end.

**Background:** Staying informed in today's world can be confusing. Both the crypto and the astrological worlds have languages that are unique to their disciplines. Mainstream media, represented by people who do not know either of these languages, does a less than stellar job of reporting on both crypto and astrological events. Bad news grabs attention and as it is always possible to spin news to sound frightening we know and experience -- fear abounds. If you have heard anything in the news lately about crypto, it most likely has been negative and fear inducing.

**Language Lessons:** Crypto:FUD - Fear, Anxiety and Doubt. Astrology: Saturn/Uranus Square: The planet of surprises (Uranus) disrupts the planet of structure (Saturn). This has been going on and will go on all throughout the year of 2021. is disrupting the planet of structure.

**Bottom Line:** People worldwide have been under the influence of massive change and FUD (fear, uncertainty and doubt).

**Course of Action:** Between the media and big business investors who want small investors to sell when it is low, you, if you are invested in crypto, may feel much pressure to sell. As an astrologer, informed by knowing surprises are likely to come and generate fear, I choose to believe it is a time to Hodl. (Hold On for Dear Life)

**NOTE:** I am not a certified investment advisor. The above is shared for educational reasons and I recommend you do your own research to draw your own conclusions. And, however if you would like to talk with me please feel free to communicate by writing me at [Hattie@hatteparker.com](mailto:Hattie@hatteparker.com).
